

FOLDING CARTONS

Experience Huhtamaki paperboard packaging expertise

Huhtamaki provides a wide range of paperboard containers and now has expanded to include folding cartons. Huhtamaki can design and produce just about any type of carton you need. With our years of expertise and knowledge, we can help make your packaging lines more efficient and productive. You can count on Huhtamaki to make packaging that will create value for both you and your consumers.

PAPERBOARD
PACKAGING

Options, Options, and more Options

Combine your folding cartons with other Huhtamaki containers and trays for the Total Package!

Carrier Trays are convenient for Nestle® cups

Retail Ready Packs show off Ultrakan® containers on displays

Custom-designed openings are perfect for dispensing single serve items

Sleeves go great with Ovenware II® trays

More options include:

Windows, specialty folds, embossing, die-cutting, pre-applied glue and UV coatings

The Science of Converting

With Huhtamaki, you get a wealth of knowledge in paperboard converting, printing, graphics, design and innovation. We've refined our knowledge down to a science that can help you prevent issues and improve performance.

That's the kind of science that makes for smarter packaging that's easier to form, fill and use.

Our Commitment to Sustainability

Huhtamaki's commitment to sustainability means our dedication to confront social, health, environment and economic issues today with solutions that benefit stakeholders for generations to come. It's sustainability that minimizes waste while delivering packaging that is engineered to precisely meet customer specifications and create consumer value.
